

Conservation, restoration and renovation

Hydrated Lime

25KG

Usage
For use in Cement, Sand, Lime mortars.

Features

- Offers excellent workability and good water retention.

Pallet quantity

25kg bag: 40 bags per 1 tonne pallet

Storage

- Product supplied in paper bag.
- Store in a dry place.

Hydraulic Lime NHL 2

25KG

Usage
For use in Lime: Sand mortar, render and plaster.

Features

- Offers excellent workability and good water retention.
- Improved plasticity, high cohesion and low shrinkage.
- Resistant to sulfates and freeze thaw actions.

Pallet quantity

25kg bag: 63 bags per 1.575 tonne pallet

Storage

- Product supplied in paper bag.
- Store in a dry place.

Hydraulic Lime NHL 3,5

25KG

Usage
Offers excellent workability and good water retention.

Features

- Improved plasticity, high cohesion and low shrinkage.
- Resistant to sulfates and freeze thaw actions.

Pallet quantity

25kg bag: 63 bags per 1.575 tonne pallet

Storage

- Product supplied in paper bag.
- Store in a dry place.

Hydraulic Lime NHL 5

25KG

Usage
For use in Lime: Sand mortar, render and plaster.

Features

- Offers excellent workability and good water retention.
- Improved plasticity, high cohesion and low shrinkage.
- Resistant to sulfates and freeze thaw actions.

Pallet quantity

25kg bag: 63 bags per 1.575 tonne pallet

Storage

- Product supplied in paper bag.
- Store in a dry place.

Lime Putty

20KG

Usage
A traditional, matured, slaked lime putty for use in mortar, render and plaster.

Features

- Improves the plasticity of hydraulic lime mortars and renders.
- Requires only the addition of a clean, well graded sand.
- May be thinned down to make brushable lime washes.

Pallet quantity

20kg tub: 27 tubs per 0.54 tonne pallet

Storage

- Product supplied in plastic tub.
- Suitable for outside storage.

Fine Lime Plaster

25KG

Usage
A traditional lime: Sand wet mortar mix.

Features

- Ideal for use as a finishing or top coat plaster and for fine jointing of gauged brickwork.
- Compatible with soft building materials – earth, wood, straw bale or soft brick.
- Excellent vapour permeability allows building to breathe.

Pallet quantity

25kg tub: 27 tubs per 0.675 tonne pallet

Storage

- Product supplied in plastic tub.
- Suitable for outside storage.
